

**AFFIDAVIT OF SIRU ANDELIN.**

**STATE OF FLORIDA  
COUNTY OF BROWARD.**

**BEFORE ME, the undersigned authority, personally came and appeared Siru Andelin, who after being duly sworn, did depose and say:**

- 1. I am Siru Andelin. I am a resident of the State of Florida and am over the age of eighteen and am sui juris.**
- 2. On October 10, 1997 when Ernesto Behrens was arrested by Las Vegas Metropolitan Police Department in Clark County, I was his fiancée.**
- 3. Although I am not usually able to recollect circumstances that happened so many years ago, I do have a specific recollection of Ernesto's day of arrest because of the traumatic experience I lived that day.**
- 4. I have also become more clear of the facts of Ernesto's case after reading his story which I found at [www.helpdna.org](http://www.helpdna.org).**
- 5. I am the person who was at the apartment when the law enforcement officers came in to collect our personal belongings.**
- 6. On that day, the officers ordered me to remain in the TV room and not to enter the bedroom while they were searching it. So, I remained outside the bedroom until they left.**
- 7. Multiple male and female officers made crazy comments about Ernesto and compared him with "Ted Bundy" emphasizing that he was a very dangerous person with double personality.**
- 8. After the law enforcement officers left our apartment, I was very**

nervous and disturbed. Later I noticed that the light green bed sheets that were on our dirty laundry hamper with some of Ernesto's clothing did vanish. I never gave any consent or permission for those items to be removed from our apartment nor were they returned to me on a later day.

9. Few weeks ago, after reading Ernesto's story in the internet, I became to understand the circumstances of his case. Specifically, since I have not seeing him in the last 21 years.

10. Understanding at this time, that the sole evidence pointing to Ernesto's guilt is a spot of semen found on a light green fitted sheet, like the one we had on the day of his arrest, and realizing now that our light green sheets were the set of sheets that vanished from our apartment in October 1997 plus further taking into consideration the fact that the victim's DNA was not found on the green bed sheets presented at trial, although she slept nude on those sheets for over 2 weeks.

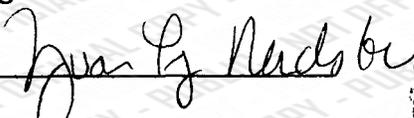

I am left with the strong belief that the light green bed sheets presented in Ernesto's trial as the only incriminating evidence of this case, are the very same sheets collected at our apartment in Las Vegas, Nevada back in 1997. Thus, if those sheets contained Ernesto's DNA, they must also contain mine.

11. For all the above-stated reasons, I am willing to submit my DNA to Ernesto's DNA consultant, Ms. Tiffany Roy, in order to conduct a new DNA testing on those sheets in order to find out if those sheets contain any trace of my DNA profile, or if the hairs found on those sheets can be identified as being my hairs. This way being able to establish that the light green sheets vanished from our apartment in Las Vegas, Nevada, are the same light green bed sheets presented at Ernesto's trial.
